

# THE MINORITY & WOMEN DOCTORAL DIRECTORY

*For 19 years the Minority and Women Doctoral Directory has been a valuable resource for universities seeking to recruit women and minority Ph.D.s. into their faculties. We are currently making changes to the Directory that will enhance its value as a faculty recruitment resource.*

*We are proud and excited that Sage Beale has agreed to become our new Director. Her diverse background in education and passion for our mission has us looking forward to the next decade of helping you achieve your faculty recruitment goals.*

## *The MWDD Team*

MWDD is a registry which maintains up-to-date information on employment candidates who have recently received, or are soon to receive, a doctoral or master's degree in their respective field from one of approximately two hundred major research universities in the United States. The current edition of the Directory lists approximately 4,900 Black, Hispanic, American Indian, Asian American, and women students in nearly 80 fields in the sciences, engineering, the social sciences and the humanities.

We maintain essential decision-making criteria and current contact information for each candidate, such as name, address, ethnicity and citizenship, major and areas of specialization, date of completion, dissertation title, and current employment/post-doctoral appointment.

The information for the Directory is collected over late spring and summer to ensure accurate mailing addresses.

As in past years, the Directory is available in two versions: either as a complete two volume set or as 60 separately available Departmental Rosters. Mailing labels, containing names and addresses of listed students, are available either as a complete set (4900 labels) or individually by department.

The 2009-10 Directory will be available August 15th, 2009.

We hope you will find this new edition even more useful in realizing an enlarged pool of qualified minority and women candidates for your faculty and/or professional positions.

# THE MINORITY & WOMEN DEPARTMENTAL ROSTERS and LABELS 2008-9

The complete two-volume Minority & Women Doctoral Directory is comprised of sixty departmental rosters, which are available separately. Listed below are the departments for which individual Rosters are available.

Indented subgroups, such as those under Biological Sciences, are included in the Departmental Roster under which they appear (these indented subgroups are not available separately). **Mailing labels can be ordered separately, in which case the price reverts to its Department Roster** (e.g., the Agriculture/Forestry Department Roster + mailing labels is \$140. Labels alone would be \$100.)
